Support Groups

You'll find love and support among your neighbors and friends at Kissimmee Village. For more information about a specific group, please call the organizer as listed. Meeting times and locations are subject to change. For details, please visit online at www.good-sam.com.

All Cancer Support Group

Members of this group offer support and a listening ear for people dealing with all forms of cancer. Monthly meetings feature educational speakers addressing topics of cancer prevention, living with cancer and treatment advances. Scheduled fundraisers and dances benefit the American Cancer Society's annual Relay for Life.

Alzheimer's Support Group

Working closely with patients and family members touched by this disease, members provide valuable insight and support.

Better Breathers Support Group

Area medical professionals and suppliers meet to offer valuable tips and insights to living triumphantly with breathing issues; an extension of the American Lung Association.

Challengers: Mobility Support

This group recognizes that some residents at Kissimmee Village need just a little more time or a little extra help when participating in activities. Members meet for a monthly luncheon and publish a newsletter of special activities and information.

New Beginnings

After losing a mate, people often crave the support of others in similar situations. New Beginnings gathers monthly for a meal, fellowship, friendship and fun.

Parkinson's Support Group

For those suffering from Parkinson's and those who care for them, education and support are critical. This group's monthly meetings feature educational speakers, supportive conversation and a luncheon.

Heart Support Group

Education and healthy lifestyle changes are often topics of conversation as this group meets to provide support and encouragement for those with heart disease.

VIP – 'Visually Impaired Persons' Support Group

Group members gather in the Library's low vision room with speakers and vendors to share support and knowledge or tools successful in dealing with macular degeneration and other sight issues.
