

A NEW WAY TO MAKE A DIFFERENCE

A new competitive grant program is helping Good Samaritan Society campuses enhance and improve their physical spaces and address pressing needs. Help your campus qualify today!

A Gift for Good

It takes all of us to meet the ever-evolving needs of our changing population. As a nonprofit health care organization, your generosity helps us surround residents and patients with all the good they need to thrive at every age and every stage of life.

Double Your Impact in 2025

100% of every gift through the Good Samaritan Foundation ensures those who depend on us will always receive the care, attention and respect they deserve. **And thanks to a special matching grant program, you can make twice the difference throughout 2025!**

How It Works

- Qualifying Good Samaritan campuses can earn a \$10,000 matching grant to enhance and improve their physical spaces and address pressing needs.
- The Good Samaritan Foundation will award these matching grants to the first 30 campuses that raise \$10,000 in donations.
- Skilled Nursing, Assisted Living, and Independent Living facilities will work together to meet the target.

Make Your Gift Today

The sooner a campus reaches \$10,000, the more likely it is to secure the matching grant. Don't wait—help us make an even greater impact in 2025!
