### **HEALTHCARE SERVICE LEVELS – ASSISTED LIVING**

#### **This assisted living community offers Healthcare Service Levels: 1 - 4**

The philosophy of Assisted Living is built on the foundation of promoting and maintaining a resident's highest level of independence and self-sufficiency. Every resident will be assessed by a licensed nurse and assigned a healthcare service level based on the total points of that assessment. While meeting some specific criteria from the identified levels will determine the resident's level of care, it is not essential that the resident meet every criterion listed to be placed into the determined level. Residents will be provided services within their healthcare level based on their assessed needs for those services. Residents will be notified when there is a change in the level of care.

Should a resident be evaluated as needing healthcare services exceeding those provided, discharge to a facility providing a higher level of care will be
